✉ [shukla.suhani@gmail.com](mailto:shukla.suhani@gmail.com) | ☎ +91 9407877617 | 💻 [suhani-shukla20](https://www.linkedin.com/in/suhani-shukla20) | 🐙 [github.com/suhani-shukla](https://github.com/suhani-shukla) | 🌐 Portfolio

## SKILLS

**Programming Languages:** Python, SQL, C++

**Databases:** PostgreSQL, Redis

**Frameworks:** Flask, Docker

**Security Tools:** Kali Linux, Cybersecurity and DFIR Toolset

**Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

## EXPERIENCE

**Crime Branch, Indore Police** [\[Certificate\]](#)

May 2026 – Jun 2026

*Cyber Cell Intern*

- Investigated phishing, online fraud, and social media misuse cases by collecting, preserving, and documenting digital evidence in accordance with standard forensic protocols.
- Documented and triaged cybercrime complaints, maintaining accurate case records and coordinating with investigation teams to support preliminary investigative assessments and case resolution.
- Addressed victim inquiries via the cybercrime helpline and authored technical case reports and evidence summaries, ensuring clear documentation and compliance with cybercrime investigation standards.

**The Red Users** [\[Certificate\]](#)

Feb 2025 – Mar 2025

*Cybersecurity Intern*

- Monitored live network traffic using Wireshark, identifying and documenting intrusion attempts and data-exfiltration events.
- Conducted vulnerability assessments using OWASP ZAP and WebGoat, identifying XSS and SQL injection vulnerabilities and delivering remediation reports to technical and non-technical stakeholders.
- Strengthened server security by configuring firewall rule sets, reducing the overall attack surface.

## PROJECTS

**SIEM Dashboard — Real-Time Threat Detection Platform** [\[GitHub\]](#) | *Python, FastAPI, PostgreSQL, Redis, React, Docker*

- Developed a real-time SIEM platform to detect and monitor security threats by engineering a Python/FastAPI correlation engine with Redis sliding-window algorithms, identifying 4 MITRE ATT&CK-mapped attack patterns including brute force, DNS tunneling, phishing, and privilege escalation.
- Implemented a REST API backend and React dashboard with Server-Sent Events (SSE) alert streaming, audit-trailed alert lifecycle management, and an attack simulation engine, containerizing the full stack with Docker Compose for reproducible deployment.

**File Metadata Analyser & Threat Intelligence Platform** [\[GitHub\]](#) | *Python, Flask, PostgreSQL, VirusTotal API v3*

- Developed a threat intelligence platform to automate file security analysis by building a Flask-based REST API that extracts file metadata and computes MD5/SHA-256 hashes, integrating VirusTotal API v3 for automated threat classification.
- Implemented a normalized PostgreSQL database schema to persist analysis results, enabling structured storage and efficient querying of file metadata, cryptographic hashes, and threat intelligence data.

**Cancer Classification Using Gene Expression Data** [\[GitHub\]](#) | *Python, Scikit-learn, Machine Learning*

- Developed a machine learning solution for tumor-type prediction by preprocessing gene expression data and training a classification model using Python and Scikit-learn for early-stage cancer diagnosis research.
- Evaluated model performance using standard machine learning evaluation techniques to assess classification effectiveness and support reliable tumor-type prediction.

## EDUCATION

**Vellore Institute of Technology**

Bhopal, MP

*B.Tech, CSE – Cyber Security and Digital Forensics — CGPA: 8.36*

*Aug 2023 – May 2027*

**Sri Sathya Sai Vidya Vihar**

Indore, MP

*Higher Secondary — 12th: 85% 10th: 91.17%*

*May 2023*

## CERTIFICATIONS

**Google Cybersecurity Professional Certificate** – Google, 2026

**Cybersecurity Attack and Defense Fundamentals** – EC-Council, 2026

**Introduction to Cybersecurity Essentials** – IBM, 2024

## ACHIEVEMENTS

**Reliance Foundation Undergraduate Scholarship** (2023) – Merit scholarship selected from applicants across India.

**ZS Campus Beats Tech Challenge** (2026) – Ranked in the top 100 teams nation-wide

## LANGUAGES

**English** – Professional | **Hindi** – Native | **French** – Beginner (A1)
