shukla.suhani@gmail.com | linkedin.com/in/suhani-shukla20 | github.com/suhani-shukla

## SUMMARY

Aspiring Cyber Security and Digital Forensics professional with a strong academic foundation and practical experience spanning forensic investigation, network security, threat intelligence, and secure application development. Adept at applying industry-standard tools and frameworks to identify vulnerabilities, preserve digital evidence, and support incident response workflows. Demonstrated ability to deliver technical solutions independently and within team environments, with a commitment to continuous learning and adapting to an evolving threat landscape.

## EDUCATION

### VIT Bhopal University

*B.Tech, Computer Science and Engineering – Cyber Security and Digital Forensics* — CGPA: 8.36

Bhopal, MP

Aug 2023 – May 2027

### Sri Sathya Sai Vidya Vihar

*Higher Secondary Certificate* — 12th: 85% 10th: 92%

Indore, MP

May 2023

## TECHNICAL SKILLS

**Programming Languages:** Python, SQL, Java, C/C++ [4pt]

“ **Cybersecurity & Network Security:** Vulnerability Assessment, Penetration Testing, Network Traffic Analysis, Incident Response, Security Monitoring, Firewall Configuration, Risk Assessment

**Security Tools:** Wireshark, Nmap, OWASP ZAP, Metasploit, Burp Suite, John the Ripper, Hashcat, Autopsy, FTK Imager

**Web Technologies & Databases:** Flask, REST APIs, HTML, CSS, PostgreSQL, MySQL

**Operating Systems:** Windows, Linux (Ubuntu, Kali Linux)

**Concepts & Frameworks:** OWASP Top 10, Digital Forensics, Cyber Threat Intelligence, OSINT, Network Security, Secure Software Development, NIST Cybersecurity Framework “

## EXPERIENCE

### Cyber Cell Intern

May 2026 – Jun 2026

*Crime Branch, Indore*

- Assisted in cybercrime investigations involving phishing, online fraud, social media misuse, and digital evidence collection.
- Processed and documented cybercrime complaints, maintaining detailed records and supporting the preliminary assessment of reported incidents.
- Responded to cybercrime helpline calls, provided assistance to victims of online fraud, and coordinated with relevant teams for effective complaint resolution.
- Prepared case documentation, technical reports, and evidence summaries while ensuring compliance with cybercrime investigation procedures.

### Cyber Security Intern

Feb 2025 – Mar 2025

*The Red Users*

- Monitored live network traffic with Wireshark to detect intrusion attempts, anomalous behaviour, and potential data exfiltration events.
- Conducted web application vulnerability assessments using OWASP ZAP and WebGoat; identified and documented XSS and SQL injection vulnerabilities with remediation steps.
- Configured firewall rules and implemented security hardening measures; produced structured vulnerability reports for technical and non-technical stakeholders.

## PROJECTS

### VaultSight | Python, AES-256, RBAC, PostgreSQL

- Built a secure encrypted evidence repository with AES-256 encryption, role-based access control, SHA-256 tamper-detection hashing, and audit logging to enforce chain of custody.

### File Metadata Analyser | Flask, PostgreSQL, VirusTotal API

- Developed a web app to extract file metadata, generate MD5/SHA-256 hashes; stored results in a normalised PostgreSQL evidence schema.

### Cipher Suite | Python, Tkinter

- Implemented six classical cipher algorithms for encryption and decryption with a responsive GUI, input validation, and modular architecture.

## CERTIFICATIONS

**Google Cybersecurity Professional Certificate** – Google, 2026

**Cybersecurity Attack and Defense Fundamentals** – EC-Council, 2026

**Blockchain and its Applications** – IIT Kharagpur, 2025

**Introduction to Generative AI Specialization** – Google, 2024

**Introduction to Cybersecurity Essentials** – IBM, 2024

AWARDS & HONORS

---

- Reliance Foundation Undergraduate Scholarship** (2023) – Nationally competitive merit scholarship selected from hundreds of thousands of applicants across India.
- SolVIT Hackathon Round 2 Qualifier** (2024) – Advanced to Round 2 of the inter-university hackathon organised by VIT Bhopal.
- AMD Slingshot Hackathon** (2026) – Qualified for the top 50 teams
- ZS Campus Beats Tech Challenge** (2026) – Ranked in the top 100 teams nation-wide

LANGUAGES

---

**English** – Professional Proficiency    |    **Hindi** – Native    |    **French** – Conversational    |    **Italian** – Conversational
